

# Train With The Best

Experienced  
Elite  
Expert

The Advanced Hazmat Life Support (AHLS) Provider Course is the premier, international course that teaches a systematic response for the medical management of patients exposed to hazardous materials, including chemical, biological, radiological, and nuclear agents. The 16 hour, two-day AHLS Provider Course is the most comprehensive training program, teaching the critical skills needed to evaluate and treat victims exposed to chemical spills, toxic terrorism, and other threats.

AHLS is for Interdisciplinary Healthcare Professionals:

- Paramedics •Physicians •Nurses
- Nurse Practitioners •Physician Assistants
- Pharmacists •Toxicologists
- Respiratory Therapists •Military Personnel

Join the worldwide community of more than 16,500 healthcare professionals from 64 countries and become a verified AHLS Provider, prepared to face the medical challenges of hazmat incidents.

CO-PRESENTERS:

The University of Arizona College of Medicine at the Arizona Health Sciences Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Arizona College of Medicine at the Arizona Health Sciences Center designates this live activity for a maximum of 22.75 AMA PRA Category 1 Credits™ (16.25 Provider, 6.5 Instructor). Physicians should claim only the credit commensurate with the extent of their participation in the activity.
